

## BUTLER'S FIELD DAY SPORT

Unusual Interest Taken in the Athletic Contest of the University.

List of the Winners and Their Records—Battling Order for To-Day's Ball Game—Last of the Wrestling Matches.

The annual field day games of Butler University were held yesterday afternoon at the State fair grounds. The day was almost a perfect one, except for a rather strong wind which blew direct from the west and that, in some cases, proved to be of assistance. The air was warm, just warm enough to excite blood and put the athletes on their best endeavor, yet not so warm as to exhaust them. Everything in and about the grounds was in the most favorable condition. The track in itself was a thing of beauty. Its surface was as level and as hard as a floor, yet with that springiness which has made it famous the country wide. There was not a defective spot in it, and while it was made for horses to race on and not men, the time made yesterday in the various events was sufficient proof of its fitness. The thing which detracted from the occasion was the smallness of the attendance. Probably about two hundred people filled in at the grand-stand entrance, and a hundred more were scattered over the course. The games were interesting, and nearly all of them were closely contested, particularly was it so of the 220-yard dash; when Griffith and Robinson rushed across the tape it seemed together, and when the former was declared the winner by the margin of only two inches. The quarter-mile bicycle race was also a pretty contest. Hines and Griffith set the pace and it was only within a few feet of the ribbon that the former overhauled the latter and won by two feet.

This quarter-mile dash also sent the State record tumbling, it being made in 36 seconds flat. A second and a half would have been knocked off of that had it not been for a false start, requiring a second heat. Then were closely contested, in the first one, but before they had gone a half-dozen yards Goe fell, and the starter called the men back by firing three times with his revolver. Griffith and Hines did not hear him, and came pounding down the stretch like wildfire. Griffith crossed the tape first in 36 seconds, and it was too bad that he should have been beaten out of the first time which he made, yet there was no time to blame.

Somerville covered himself with glory in throwing the baseball, it sailing through the air in the prettiest curve imaginable for 330 feet and 5 inches. The State record has been 32 feet and the world's 400 feet.

The one objectionable feature to the events was the slowness in setting them off. The contestants kept on track of the events for which they were entered, and the clerk of the course was compelled often times to call an event several times before he could get the men on the track. The officers of the day were as follows:

Manager Committee—D. W. Layman, F. F. Robinson and L. A. Thompson.  
Referee—W. C. Smith.  
Time-keepers—H. T. Mann and M. E. Moore.  
Starter—John Ray.

Clerk of the Course—C. W. Cameron.  
Scorer—H. T. Wilson and A. C. Johnson.  
Judges of Finishes—J. D. Minich, J. S. Butler and H. T. Wilson.

Announcer—J. B. Williams.  
The work of all was more than satisfactory, though at one or two occasions disputes arose, which were quickly settled by referring to the rules. The events in their order, with the winners and seconds and thirds, are given below:

Forty-yard Dash—Griffith first, Robinson second, Fox third. Time, 8 seconds.  
Throwing the Sixteen-pound Hammer—Lester first, Baker second, Clymer third. Distance, 81 feet 6 inches.  
Quarter Mile Safety—Griffith first, Hines second, Goe third. Time, 41 1/2 seconds.  
Standing Broad Jump—Kettenbach first, Orme second, Roberts third. Distance, 9 feet 5 1/2 inches.  
One-hundred-yard Dash—Robinson first, Kettenbach second, Fox third. Time, 10 1/2 seconds.  
Pole Vault—A. R. Mann first, Kettenbach and Somerville tied for second. Height, 7 feet 4 inches.  
Throwing Baseball—Somerville first, Baker second, Kettenbach third. Distance, 330 feet 5 inches.  
Hop, Step and Jump—Kettenbach first, Thompson second, Armstrong third. Distance, 40 feet 1/2 inches.  
Two-hundred-and-twenty-yard Dash—Griffith first, Robinson second, Somerville third. Time, 1 1/2 minutes.  
Mile Walk—Brady first. Fox ruled out of course for running. Time, 8 minutes and 25 seconds.  
Putting, Sixteen-pound Shot—Lester first, Baker second, Robinson third. Distance 33 feet 1/2 inches.  
Standing High Jump—Orme first, Mann second, Roberts third. Height, 4 feet 3 inches.  
Quarter-mile Ordinary—Griffith first, Wright second, Layman third. Time, 39 1/2 seconds.  
Running Broad Jump—Somerville first, Davis second, Orme third. Distance, 19 1/2 feet.  
High Kick—Baker first, Orme second, Roberts third. Height, 1 foot 4 inches.  
Two-mile Ordinary—Griffith first, Layman second. Time, 7 minutes and 7 seconds.  
Hurdle Race—Robinson first, Somerville second. Time, 21 2/3 seconds.  
Running High Jump—Somerville first, Mann second, Wright third. Height, 5 feet 1 inch.  
Mile Run—Somerville first, Robinson second. Time, 5 minutes 43 seconds.  
One Mile Safety—Hines first, Griffith second. Time 2 minutes and 45 1/2 seconds.

In the foregoing there are nine records in the intercollegiate association of the State which are broken. They are given below, with the records of last year:

Quarter-mile safety, 41 1/2 seconds; throwing baseball, 332 feet; two-hundred-yard dash, 24 1/2 seconds; mile walk, 8 minutes and 35 seconds; putting sixteen-pound shot, 33 feet 2 inches; quarter-mile ordinary, 40 1/2 seconds; running broad jump, 19 feet; two mile ordinary, 7 minutes and 17 1/2 seconds; and one mile safety, 2 minutes and 45 1/2 seconds.

## TO-DAY'S BASEBALL.

Same Between the Indianapolis Club and Bond Hills, of Cincinnati.

Below is the batting order for the baseball game at Laubham's Park to-day. It will be noticed that the Club has changed its name to Indianapolis, and will go by its name. The new uniforms which it ordered have come, and the club will appear in them to-day. The management of the club has secured a lease on the Y. M. C. A. Park, and will soon begin playing games during the week. It is expected that the Louisville National League team will play here within the next few weeks, and that a number of strong teams will be here. The batting order of the Indianapolis club and Bond Hills, of Cincinnati, is as follows:

Indianapolis—Fisher, 2b; F. Schaub, c; E. Donovan, 1b; Barnes, s; W. Sow-

dera, r. f.; R. Schaub, 3b; White, c. f.; Armitage, 1b; J. Donovan of Waters, p. Bond Hills—Lancaster, c. f.; Grove, 1b; Carr, 2b; Ransom, s; Viox, 3b; Kelhne, c; Day, r. f.; Clark, 1b; Hornberger or Hennessy, p.

The Daltons vs. Sipe Nationals.  
Owing to the poor showing of the Elwood club last Sunday the Daltons have canceled the game for to-day, and will play the Sipe Nationals at Brighton Beach this afternoon. Game will be called at 2 o'clock. The batteries: Daltons, Siders and Newman; Sipe Nationals, Simon and Dailey.

## FIRES OF A DAY.

Equattors' Settlement Burned Out—Over's Factory Scorched.

Early yesterday morning fire broke out in the vicinity of "Oklahoma," a location on the river bank near the Kentucky-avenue bridge. The department was sent out, but several shanties were destroyed before the arrival of the engines. For a time it was feared that the flames would reach the powder houses where city firms store their explosives, but the danger was avoided. The fire originated in a shed occupied by a man named Evans. The fire department estimate the loss at \$20.

At 1:30 yesterday the residence of Chris Worman, at No. 314 East Ohio street, was fired in the roof by a spark from a tinner's pot which was being used by workmen. The flames were extinguished, with a loss of \$25.  
The department was called to the Ewald Over machine works at 3 o'clock yesterday afternoon by a blaze in the second story of the building at No. 241 South Pennsylvania street. For a time it looked as if the entire establishment would be badly damaged, but the flames were prevented from spreading and the loss will not exceed more than \$100. The fire started in the cupola.

## PORT WAYNE INVESTIGATION.

Secretary Johnson Returns—Nature of the Board's Report on the Trouble.

Secretary Johnson, of the State Board of Charities, arrived home yesterday from his trip to Fort Wayne, where the investigation of the School for Feeble-minded was held. The conclusions of the board cannot be formulated until the great mass of evidence has been transcribed, which will require a week. The results or conclusions so far published are those of the press representatives who were present at the trial of the case, and not of the board. "We have examined the case," Mr. Johnson yesterday said, "and the examination began, that we would not make any statements to any one until we should agree upon a report. But the views of the press men were in the main correct, and probably just as valuable, as far as they go to establish the truth of the situation and results, as our report will be."  
The report will, no doubt, find that there has been too much chastisement of children upon the part of the matron, but will exonerate her and others of charges of misconduct.

## THIS WEEK'S AMUSEMENTS.

Ed Smith's Specialty Company at the Empire—Benefit with Local Talent.

At the Empire, commencing with matinee to-morrow, Denver Ed Smith and his specialty combination will make their first appearance before a local audience. The company includes Ed Smith, Peter Maher, the Irish champion; Joe McGrath and Tom Lowery; Ford and Lewis, the Bowery boys; El Nino Eddie, king of the tight rope; Senator Frank Bell, Alice Thompson, Williams and Kennedy, the Dalys, the Keegans and others.

A testimonial benefit will be tendered the employees of the popular Empire on Monday evening, May 23. Mr. Pennessy has kindly consented to let them have the theater on that evening, and has promised to aid in every way possible. The committee appointed by the employees have been busy for the past two weeks in looking up local talent, and have succeeded in getting together a first-class programme, in which several well-known and popular people of this city will take part. Among those who have consented to aid in the entertainment are the Indianapolis favorites, Messrs. Pink Hall and Harry Porter; Mr. Dave Hedges, in a number of songs; Mrs. L. C. Culloden, in vocal selections; Milliner and Parker in a musical act; the lightning drill manipulator, Mr. Harry Overman; Edward, vocal selections; Mattox and Thompson, the Sowers brothers, and others.

## This Week at the Park.

This week's attraction at the Park Theater will be the Henry Burlesque Company, a well-known organization, that played an engagement at Engle's earlier in the season. The company includes thirty performers, many of them well known in burlesque and vaudeville. Among them are Jay Quigley, the minstrel comedian; Marie Rostelle, a burlesque of high degree; the Brothers Coyne, vocalists and dancers; Pauline Cook and May Clinton, who give an exhibition of rifle shooting; H. A. Devere, the Rosley brothers, singers and comedians; Kittie Clark, Edna Wilson, Edie Lorraine, Annie Davis, Gertrude Le Clair, and Nora Harris, May Palmer and others. The company gives a diversified vaudeville bill, which includes a number of single and "team" acts, the extravaganza, "A Rustle Reception" and the burlesque on the "Gay and Raptur," entitled "The Raptur." In other cities in which engagements have been played the company is credited with giving a clean, bright and original entertainment. The engagement here will begin with a matinee to-morrow afternoon and continue all week.

## Industrial School Picnic.

The pupils of the Girls' Industrial School picnicked yesterday at Fairview Park and spent a delightful day among the grasses and flowers. Through the kindness of President Mason and Superintendent Boyd, of the Citizens' Street-railroad Company, the girls and their teachers were furnished transportation to the grounds and received the politest consideration at the hands of the company's employees. The classes formed at Tomlinson Hall at 1:30 and marched to the cars, the procession numbering 240 scholars and 48 teachers. At the head of the procession a large banner was borne, bearing the inscription on one side, "Girls' Industrial School of Indianapolis," and on the other the school motto, "All things whatsoever ye would that men should do unto you do you even so to them." At the park Mrs. Sherman, of the restaurant, had prepared a rare lunch for the visitors, consisting of sandwiches, ice cream and cake.

## Sudden Death of Jacob Miller.

Jacob Miller, aged seventy-nine years, died suddenly some time Friday night. He was found by his family yesterday morning and it is thought he had been dead several hours. He was in excellent health Friday and at bed time felt as well as usual. Coroner Beck was called, but attributed the sudden demise to natural causes, favoring the theory of heart disease. The deceased was the father of several grown children, among whom is Charlie Miller, of fire department headquarters.

## Stole a Hack.

Tim Ferriter was arraigned in the Police Court, yesterday morning, charged with grand larceny, and the case against him continued until next Tuesday. Friday night hack No. 8 was stolen from Washington street, near Noble, and yesterday morning the hack was found standing upon the street, and Ferriter, who is a notorious character in police society, was found lying near it, lying in the gutter, sleeping off a drunken stupor, and was arrested, charged with stealing the hack.

## Car Wheel's Crushed His Toe.

George Seamer, of No. 332 Miami street, had a foot caught under car wheels at the railroad crossing at Noble and Washington streets, yesterday afternoon, and later had a toe amputated at the city hospital.

## ST. ANDREW'S BROTHERHOOD

Primary Convention of the Young Men's Order of the Episcopal Church.

Interesting Speeches Made by Lay Delegates—State Officers Elected—Proceedings of Yesterday's Session.

The Brotherhood of St. Andrew met yesterday in Christ Episcopal Church and organized a State association, electing officers as follows:  
President—W. A. Haines, Indianapolis.  
First Vice President—W. A. Bray, Michigan City.  
Second Vice President—N. B. Booth, Evansville.  
Secretary—W. F. Stitz, Indianapolis.  
Treasurer—W. B. Archdeacon, Indianapolis.

The report of the committee on organization provided for a State council of administration, to be composed of one representative from each chapter in the State.

The delegates spent the day yesterday in listening to addresses on the work of the brotherhood, with Samuel A. Haines presiding. After holy communion yesterday morning an address was made by Bishop Knickerbocker, who reviewed the great growth of the organization which started ten years ago in Chicago.

A call of the roll disclosed nearly every parish in the State represented, and in those not represented steps were taken for immediate organization. A lay address was made by Thomas C. Moore, of St. Paul's parish, this city. He spoke in favor of a more vigorous evangelism, in order to bring those outside of the church into the range of its spiritual blessings. Bishop Penick, of Louisville, made an effective address upon the "Needs of the Work in the Country" in place of J. C. Loomis, who could not be present. W. K. Sterling spoke upon the "Needs of the Work where no Chapter Exists." He detoured from his theme, however, quite considerably in order to detail what magnificent results in upbuilding Christian character had been accomplished in Chicago.

The noon hour was spent in a luncheon furnished by the ladies of the church.

After the season of worship in the afternoon, an address was made by Bishop Penick upon the ways of bringing souls into the kingdom of Christ. He related many incidents showing how, by a very little act, some were brought to think about the future life, and were led not only to accept the saving means of grace, but became the instruments of bringing many others to the same salvation. He showed that the church is not doing its full duty in spreading the divine influences that save from sin. "We gave an interesting narration of a successful work he had instituted among the colored people of the South, notably in Tennessee and Kentucky. If the church, he said, had extended its services to the negro since 1865 in the same way, the figures showing the increase of crime might have been reversed. Bishop Penick left immediately for his home in Kentucky.

Rev. Mr. Carstensen, of St. Paul's Church, spoke on "Brotherhood Ideal." He dwelt upon the power of personal work by members among the unconverted of the world.

W. F. Stitz of this city, led a conference upon the subject of "Organization of Chapters and the Breakers to be Avoided." He emphasized the idea that those who take the vows of personal service and prayer should do so with a determination to have courage for the duties that arise. A man, he said, cannot lead others farther than he has tread the ground himself. The afternoon session closed with the opening of the question box in charge of Mr. Haines. The officers elected, as related above, were reported by the committee and chosen unanimously.

The evening session began with an address by Rev. Mr. Sargent, of this city upon "Personal Work." He said that Christian work and the vows of the brotherhood makes the appeal from man to man incumbent upon the members. He urged patience and faith in waiting for results.

Following this paper five-minute speeches were made by W. R. Stirling, of Chicago; R. A. Robinson, of Louisville; Mr. Longman, of Terre Haute; C. E. Brooks, of Indianapolis; J. C. Loomis, of Louisville; John W. Wood, general secretary of the brotherhood; S. A. Haines and W. F. Stitz of this city. Rev. M. W. Heermann, of Michigan City, spoke a few words. Rev. Mr. Carstensen made a short address in closing the meeting, referring to incidents of his own parish, where personal work had brought about salvation. He said that the joy and value of this "hand-planted fruit" in the work of saving souls is much more satisfactory and profitable. Before closing the convention ordered that the proceedings of the meeting should be printed and distributed, the expense to be borne by an offering from all the members of the brotherhood in the State.

There will be numerous services in the various Episcopal Churches to-day. The programme is as follows:

7:30 A. M.—Grace Cathedral. Holy communion. Address by the Bishop of Indiana. Regular services, 10:30.  
10:30 A. M.—Christ Church. Regular services. Confirmation. Lay address, John M. Wood. Paul's Church. Regular services. Lay address, W. K. Stirling. Holy Innocent's Church. Regular services. Lay address, A. Thurman. St. James's Church. Regular services. Lay address, W. G. Benham. St. George's Church. Regular services. Lay address, Joseph Cleal. St. Andrew's Mission. Regular services. Lay addresses, R. A. Robinson, R. and S. A. Haines.  
2:30 P. M.—St. Paul's Church. Sunday-school institute. Addresses by the Bishop and visiting clergy.  
4 P. M.—Christ Church. Men's meeting. Lay address, J. C. Loomis. "Christ as a Saviour." Joseph Cleal.  
5 P. M.—St. Paul's Church. "Christ as a Brother." W. R. Stirling.  
8 P. M.—St. Paul's Church. "Fishes" services. Full vested choir of the three parishes, seventy voices. Address, subject: "The Brotherhood Work." "Among Laboring Men," Joseph Cleal; b. "Among Business Men," J. C. Loomis; c. "Among Traveling Men," S. A. Haines; d. "In Parishes and Missions," Bishop Knickerbocker. Closing hymn, "Blest Be the Tie That Binds," all brothers joining hands. There will be an after meeting immediately following.

The address of welcome to the brotherhood from Mayor Sullivan, who is a member of the brotherhood, was read on Friday night, the Mayor being too ill to be present.

## Dedication of the Indiana Building.

Governor Matthews arrived home yesterday from Chicago, where he attended the meeting of the executive committee of the world's fair board. The board considered the plans for opening the Indiana building. It is hoped to have all in readiness for the dedication of the building about June 15. The ceremonies will be elaborate. There has been experienced a great deal of difficulty in securing the building material, because when it arrives the cars are so loaded about by the first symptoms of the heat that it is next to impossible to unload them for a week or so.

## A Dray Passed Over Him.

James Elder, employed as a driver for the Parry Cart Company, fell under a heavily loaded dray, yesterday afternoon, and the vehicle passed over his body, breaking both arms and injuring him internally. Dr. C. I. Fletcher and Dr. Elder attended him at his home, 271 South Illinois street. He is not dangerously injured.

A LONG PROCESSION of diseases start from a torpid liver and impure blood. Dr. Pierce's Golden Medical Discovery cures every one of them. It prevents them, too. Take it, as you ought, when you feel the first symptoms (languor, loss of appetite, dullness, depression) and you'll save yourself from something serious.

In building up needed flesh and strength, and to purify your system, the Golden Medical Discovery can equal the "Discovery." It invigorates the liver and kidneys, promotes all the bodily functions, and brings back health and vigor. For Dyspepsia, "Liver Complaint," Biliousness, and all Scrofulous, Skin, and Scalp Diseases, it is the only remedy that is guaranteed to benefit or cure, in every case, or the money is refunded.

About Catarrh. No matter what you've tried and found wanting, you can be cured with Dr. Sage's Catarrh Remedy. The proprietors of this medicine agree to cure you, or they'll pay you \$500 in cash.
